Panasonic Launches HD PTZ Dome Cameras with Super Dynamic

Panasonic, a leading company of video surveillance cameras and solutions, announced the availability of its HD PTZ dome network cameras for outdoor and indoor use, WV-SW397, WV-SW397A and WV-SC387. The Panasonic HD PTZ Dome cameras provide clear HD 720p images with 105dB wide dynamic range and produce color images with a minimum illumination of 0.3 lux. They are ideal for surveillance applications that require powerful zoom, such as intersections, airports, railway stations, parking lots and more.

The Panasonic PTZ Dome cameras equip with 2.4 Megapixel high sensitivity MOS image sensor, 45x extra optical zoom at 1,280 x 720 resolution and 90x extra optical zoom at 640 x 360 resolution with 12x digital zoom. The WV-SC387 provides extremely wide vertical coverage from -44° to 224° . The WV-SW397 and the WV-SW397A equip AEM (Auto Eyelid Mechanism) which reduces the blur of images, and support tilt angle from -15° to 195° .The WV-SW397 and the WV-SW397A are weather and impact resistant with IP66-, NEMA4x- and IK10-ratings. The WV-SW397A equips the hydrophilic coating dome cover, and keeps visibility in rain weather.
